

 Roundhouse, London, Wednesday 4 December 2024

SPONSORSHIP PROPOSAL

ABOUT THE AWARDS

The UK Social Enterprise Awards are the country's biggest celebration of social enterprises recognising the best in the sector. They are a chance to showcase the incredible contributions made by businesses that are making a real difference in tackling social and environmental problems both in the UK and around the world.

The Awards, hosted by Social Enterprise UK, and delivered in partnership with Social Enterprise Scotland, Cwmpas and Social Enterprise Northern Ireland, recognise the achievements of social enterprises in Britain and abroad. It has grown in size and reputation each year.

We are delighted to be returning to London's iconic Roundhouse for this year's celebration, bringing together over 600 leaders in social enterprise, large-scale corporates and government. The Gala Awards' supply chain is made up of social enterprises (wherever possible) to continue creating social impact and deliver an inspiring, memorable evening for our guests.
